Dear Parents/Guardians,

In Dosbarth Moel Siabod, homework would normally come in the form of reading books, spelling lists, projects and Manga High maths for year 2 pupils. Things will be a little different due to current restrictions!

Reading – please use Headsprout for reading practise at least once a week.

Spelling – spelling lists are available on our class page on the school website. These spellings can be practised in any way that you like and are also available as part of the j2blast spelling game (available through just2easy on Hwb).

Maths - Manga High is now available for children from year one up. Assignments will be set regularly and children can also choose their own activities and games to complete.

Please see the attached information for usernames and passwords. The children will be using the various usernames and passwords in class as well and will need to learn to input them independently!

**Homework project – due Monday 12th October**

Research one of the following animals from Tanzania:

Elephant

Lion

Leopard

Giraffe

You can showcase what you find out in any way you like! You could make a poster, fact file, painting or model! Use the jit5 tool found in just2easy on Hwb or take a photo of your work and add it to our Hwb class. Please do not send any projects into school.

I can't wait to see what you create!

Many thanks,

Mrs Cooper
